Guided Reading

LO: To explore how Bean might be feeling

In guided reading, we are continuing to look at the novel 'Operation Gadgetman'. Miss Dunne has created a video, reading a little more of our novel.

Using your inference skills (what we know already based on our own opinions), think about... 'How do you think Bean feels when all the children gather around them?'. Write the answer in detail.

[Guided Reading video.](#)

English

LO: To identify thoughts and feelings of characters

Grammar

LO: To focus on prepositions used within sentences, e.g. above, below, beneath, within, around, beyond

In Grammar today, I would like you to play preposition bingo. Using the words below, I would like you to put them on six small separate pieces of paper and pile them up. Next, I would like you and another person (parent, sibling, grandparent, etc.) to split a piece of paper up into four sections and write down four of the preposition words below for you playing card. Finally, take it in turns turning over a preposition card. If you get it right mark it off. The first player with all their words marked off, wins!

above, below, beneath, within, around, beyond

In English today, we are going to be developing the thoughts and feelings of the characters throughout the certain points in the story, that we created yesterday. We are going to be focusing on the first three points that we created. Please watch the video below, discussing what we need to do. It will really help you with today's learning. Make sure you keep all these papers safe for when we write our chapter next week!

[English video.](#)

Spelling

LO: To revise strategies for learning words

Today for spelling, what I would like you to have a look at the words below and clap out the syllables for each word. This will help you to remember the words a little easier. Once you have done this, please write down each spelling.

shiny, scary, smoky, bony, stony, shaky

Quick Maths

The quick maths powerpoint is on the class page on the school website. How quickly can you answer the three questions for today!

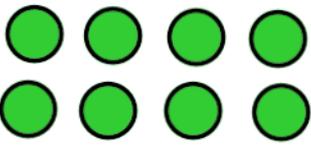

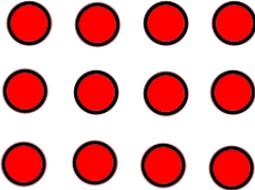

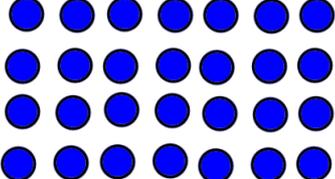

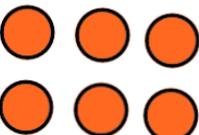

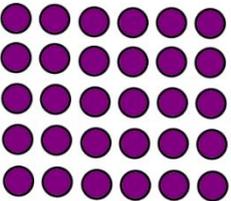

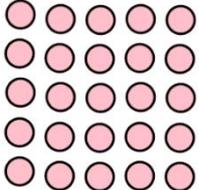

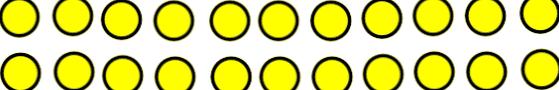

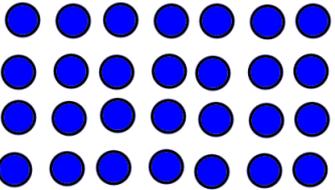

Maths

LO: To understand that finding a fraction of a number relates to division

Yesterday in Maths, we began looking at division by grouping and sharing. We are going to be looking at that again, but also looking at how it relates to fractions.

Miss Dunne has done another Maths video (which is below) so you know what is expected and how to work out the questions which are also below.

[Maths video.](#)

$\frac{1}{4}$ of 8 4 	$\frac{1}{4}$ of 12 4 
$\frac{1}{4}$ of 28 4 	$\frac{1}{3}$ of 6 3 
$\frac{1}{3}$ of 30 3 	$\frac{2}{5}$ of 25 5 
$\frac{1}{2}$ of 22 2 	$\frac{3}{4}$ of 28 4 

French

LO: To learn to count from 0-10 in French

In French today, we are going to looking and learning some new words/numbers. Miss Dunne has created a video going through the whole lesson for you. How exciting. Please make sure you are listening and copying the different French words. We need to try and make them as 'French sounding' as we can.

There is also a small activity afterwards that you can do, which is matching the English numbers (in words) to the French numbers (in words).

PE

LO: To keep active at home

In PE today, we are going to continue to look at 6 different exercises which will help us stay active whilst being at home. Please try and complete the following six activities. You can send a picture of one activity on ClassDojo Portfolio.

<p>Task 1- Tuck Jumps Jump up high and bring your knees up to your chest while in the air. See how quick you can do ten in a row</p>	<p>Task 2- Toe Taps Place a ball or teddy on the floor in front of you and place hands behind your head. Tap the ball with alternate feet as fast as you can for 30 seconds.</p>	<p>Task 3- Bunny Hops Put your feet together and jump from side to side over an imaginary log on the floor. Who can jump the highest over the log?</p>
<p>Task 4- Sofa Press Ups Get into the plank position with your hands on the seat of a sofa. Lower chest to the sofa and push back up to do a press up. Repeat for 30 seconds.</p>	<p>Task 5- Frog Jumps Stand with legs wide and squat down to touch the floor in front with both hands. Jump up high with arms straight above. Who can reach the highest?</p>	<p>Task 6- Get Ups Lie on your back to start and quickly stand up with your hands in the air. Repeat as fast as you can for 30 seconds. Sounds easy, right?</p>
